A forest assembly held three times a year in accordance with the Forest Charter of 1217, probably orig. 'to enable the forest officers to superintend the depasturing of pigs in the king's woods in the autumn and the clearance of the forest of cattle and sheep while the deer were fawning in the summer'; later, applied vaguely or generically to courts of attachment, inquisitions, etc. (See G. J. Turner, *Select Pleas of the Forest*, 1901.)

The commonly received account of the swanimote is derived from Manwood, who asserted that it was a distinct court of the forest, to which the freeholders (see SWAN sb. 6) were summoned, and having jurisdiction with power to enquire of vert and venison and other trespasses done within the forest.

Swarm (swōim), *sb.* Forms. 1 *suearm*, *suearm*, *swerm*, 4-7 *swarme*, 6 *swern*, 4-*swarm*. [OE. *suearm*, = Fris. MLG. *swarm*, OHG. *suar(a)m* (MHG. *swarem*, *swaim*, G. *schwarm*) swain of bees or insects, ON. *swarnr* tumult (Norw. dial. *swarn*). -OTeut. **swarmas*]

The root is usually identified with that of Skr. *svāra* sounds, resounds, *svārā*, *svāra* sound, voice, and connected further with *sur-* in L. *susurrus* hum, MLG. *surren* to hum, MHG. *surm* humming, Lith. *surmū* pipe, etc. But the etymological meaning may be that of agitated, confused, or deflected movement, in which case SWARM and SWERVE might arise from parallel formations on the same base; cf. the parallelism of SWARM *v.* 2 and SWERVE *v.* 2, Norw. dial. *swarna* to be giddy, stagger, dream, and *swarva* to turn, go in a circle, stagger, be agitated (see SWARF *v.*); Icel. *swarfa* and *swarnila* 'præcipienter contectare, huc illic raptare'; also the meanings of G. *schwärmen* to swarm, rove, riot, fall into reverie, rave.

The existence of a mutated form in OE. (early WS. **swærn*) cannot be inferred with certainty from the late instance of *swærn* (Napier OE Glosses 156/21), but such a form is found on the Continent in Wfris. *swern*, MLG., MDu. *swern* (Du. *swern*), Da. *swærn*, Sw. *swärns*; cf. the vb.]

sware is the only form in the Bible of 1611 (exc. in the Apocrypha), but is rare in the 1st Folio of Shakspeare. In the 14th and 15th a by-form **swere** occurs, after *here*].

[ME. *swepe* (taking the place of the original SWOPE, OE. *swōpan*, *swōp*, *swāpan*), first recorded from northern texts; of uncertain origin. Two suggestions of source have been made, both of which involve phonological difficulties. (1) The mutated stem *swēp-* (cf. *geswēpa* beside *geswōp* sweepings, *ymswēpe* 'ambages'). This would normally have produced a mod. Eng. **sweap*, but

in its transference from the northern to the southern area, *swepe* may have been assimilated to words like *slæpe* (OE. Anglian *slēpan*) to SLEEP, or *crepe* (OE. *cropan*) to CREEP, the process being perhaps assisted by the *pa. t.* *swēp-e* (OE. *swōp*) of the original strong verb. (2) ON *swipa* to move swiftly and suddenly. This etymology involves the assumption that ON. *ī* became ME. *e*, which is not otherwise clearly authenticated, and that the intransitive sense (22) is the original.

The shortening of the stem-vowel in *pa. t.* and *pa. pple* is shown in spellings c. 1400.

The order of sense-development presents difficulties, it being uncertain whether the transitive or intransitive meanings are the primary ones. The present arrangement of the word is adopted as convenient from the modern point of view, since the whole word is now coloured by the meaning 'cleanse or remove with a broom'.

Swing, sb.³ Now *Hist.* Used, chiefly attrib., to designate a system of intimidation practised in agricultural districts of the South of England in 1830-1, consisting in sending to farmers and landowners threatening letters over the signature of a fictitious Captain Swing, followed by the incendiary destruction of their ricks and other property.

Three pretended lives of Swing appeared. *The Life and History of Swing, the Kent Rick-burner*, written by himself, 1830, *A Short Account of the Life and Death of Swing, the Rick-burner*, written by one well acquainted with him, by H. N. Coleidge, and *The Genuine Life of Mr. Francis Swing*, 1831. A review of the first of these, by Gen P. Thompson, entitled 'On Machine-breaking', in the *Westminster Review*, Jan. 1831, was republished in pamphlet form, 'In answer to "Swing".'

(b) 1773 *Ed. lves Voy to India* I. ii 27 On the 9th of April, annually, at Bengal the natives undergo a very un-common kind of penance. In a large plain about a mile from Calcutta, there are erected about thirty Bamboos, at least twenty feet high; on the top of these they contrive to fix a swivel, and another bamboo of thirty feet or more crosses it, at both ends of which hangs a rope. One end of this rope, the people pull down, and the devotee placing himself under it, the Brahmin pinches up a large piece of skin under both the shoulder blades, and thrusts a strong iron hook through each. When this is done, the people haul down the other end of the bamboo, by which means the devotee is immediately lifted up, from the ground, and then run round as fast as their legs will carry them. This throws the devotee out to the full length of the rope, where as he swings, he plays a thousand antic tricks. 1793 *Medical Spectator* II No. 39, 246 All the information that I could get from our Banyan relative to this strange custom was, that they swing for a good conscience.
